Notes to the Condensed Consolidated Interim Financial Statements

Nine months ended January 31, 2023

(Unaudited - Expressed in Canadian Dollars)

1. NATURE AND CONTINUANCE OF OPERATIONS

The Company is incorporated in British Columbia, Canada and has been primarily involved in the acquisition and exploration of mineral properties in the Provinces of Ontario and Newfoundland & Labrador, Canada. The address of its corporate office and principal place of business is 684 Squier Street, Thunder Bay, Ontario, Canada, P7B 4A8. The Company's common shares are listed for trading on the TSX Venture Exchange ("TSX-V"), under the symbol WHM.

At the date of these financial statements, the Company has not been able to identify a known body of commercial grade ore on any of its properties. The ability of the Company to recover the costs it has incurred to date on these properties is dependent upon the Company being able to identify a commercial ore body, to finance its exploration and development costs and to resolve any environmental, regulatory, or other constraints which may hinder the successful development of the property. Although the Company is unaware of any defects in its title to its mineral properties, no guarantee can be made that none exist.

These financial statements have been prepared on the basis of a going concern, which presumes that the Company will be able to realize its assets and discharge its liabilities in the normal course of business. In assessing whether the going concern assumption is appropriate, management takes into account all available information about the future, which is at least, but is not limited to, twelve months from the end of the reporting period. Management is aware, in making its assessment, of material uncertainties related to events or conditions that may cast significant doubt upon the entity's ability to continue as going concern as described in the following paragraph. Accordingly, these financial statements do not give effect to adjustments that would be necessary should the Company be unable to continue as a going concern and therefore be required to realize its assets and liquidate its liabilities and commitments in other than the normal course of business and at amounts different from those in the accompanying financial statements. These adjustments could be material.

The Company has a need for financing for working capital, and the exploration and development of its properties. The ability of the Company to continue operations is dependent upon the continued financial support of its shareholders, other investors and lenders, and the successful development of the Company's interests in the mineral properties in which it holds interests. The Company has not determined whether any of the properties contain mineral reserves that are economically recoverable. It is not possible to predict whether financing efforts will be successful or if the Company will attain profitable levels of operations. Since inception, the Company has incurred cumulative operating losses of \$2,429,754 and expects to incur further losses in the development of its business, and at January 31, 2023 has no source of operating revenue.

2. SIGNIFICANT ACCOUNTING POLICIES

Statement of compliance

These condensed consolidated interim financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") applicable to the preparation of interim financial statements, including IAS 34, Interim Financial Reporting. The accounting policies followed in these condensed interim financial statements are the same as those applied in the audited annual consolidated financial statements of the Company for the year ended April 30, 2022.

The policies applied in these interim condensed financial statements are based on IFRS issued and outstanding as of March 24, 2023, the date the Audit Committee approved the statements. Any subsequent change to IFRS after this date could result in changes to the financial statements for the year ended April 30, 2023.

The condensed interim financial statements do not contain all disclosures required under IFRS and should be read in conjunction with the audited annual financial statements and the notes thereto for Thunder Gold Corp. (formerly White Metal Resources Corp.) for the year ended April 30, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES *(continued)*

b) Basis of preparation

These financial statements have been prepared on the historical cost basis. The presentation and functional currency of the Company and its subsidiaries is the Canadian dollar (“\$”). These financial statements include the accounts of the Company and its wholly-owned subsidiary 1191557 Ontario Corp. as well as its 75%-owned subsidiary, Aloe Investments Two Hundred and Thirty Seven (Proprietary) Limited (“Aloe 237”) and its 95%-owned subsidiary, Aloe Investments Two Hundred and Thirty Eight (Proprietary) Limited (“Aloe 238”) up to the point of their respective dispositions detailed in notes 7 and 8 below. Aloe 237 and Aloe 238 were fully consolidated in the comparative figures contained within these condensed consolidated interim financial statements and were deconsolidated in the current period ended January 31, 2023.

Non-controlling interests are reported based on the estimated fair values of these subsidiaries’ issuances of shares to these parties, which in both cases were property vendors, plus income and less losses attributed to the non-controlling interests. Estimates of the fair values of subsidiaries’ issuances of shares to non-controlling shareholders were determined with reference to the Company’s other property acquisition costs incurred to obtain effective 95% interests at the time of acquisition.

For consolidated reporting purposes, non-controlling interests in the Company’s subsidiaries are decreased to the extent of their proportionate share of any subsequent losses reported by those entities.

All transactions and balances between the Company and its subsidiaries are eliminated on consolidation. Amounts reported in the financial statements of the subsidiaries have been adjusted where necessary to ensure consistency with the accounting principles adopted by the Company.

c) Significant accounting judgments, estimates and assumptions

The preparation of the Company’s financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Estimates and assumptions are continuously evaluated and are based on management’s experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. However, actual outcomes can differ from these estimates. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

Critical judgements in applying accounting policies:

The following are critical judgments that management has made in the process of applying accounting policies and that have the most significant effect on the amounts recognized in these financial statements:

- The determination that the Company will continue as a going concern for the next year; and
- The determination that there have been no events or changes in circumstances that indicate that the carrying amounts of exploration and evaluation assets may not be recoverable.

a) Tower Mountain Gold Project, Ontario

During the year ended April 30, 2021, the Company signed a binding letter of intent (“LOI”) with Melvin Stewart to enter into an option agreement to earn a 100% interest in the Tower Mountain Gold Project (“Tower Mountain”), located approximately 40 km northwest of the port city of Thunder Bay, Ontario. Pursuant to the terms of the LOI, to exercise the option the Company is required to make cash payments totaling \$150,000 and to issue 1,200,000 common shares to the optionor of the Property as follows:

- \$25,000 and 300,000 common shares upon receipt of regulatory approval (paid and issued);
- \$35,000 and 300,000 common shares on or before the first anniversary of the LOI (paid and issued);
- \$40,000 and 300,000 common shares on or before the second anniversary of the LOI (paid and issued); and
- \$50,000 and 300,000 common shares on or before the third anniversary of the LOI.

6. EXPLORATION AND EVALUATION ASSETS *(continued)*

The optionor shall retain a 1% Net Smelter Return royalty ("NSR"), of which the Company may purchase half (0.5%) by paying the optionor \$1,000,000, over claims that the optionor is able to receive an NSR without being in breach of a purchase agreement between the optionor and a third party. The Company shall also grant the optionor a 2% NSR over claims the Company stakes within a 1.6-kilometre area of interest and make advance royalty payments of \$5,000 per year, payable in cash or shares, after the third year of the option agreement.

In addition during the year ended April 30, 2021, the Company entered into an agreement (the "Agreement") to purchase a 100% ownership interest in the mining rights to a patent (the "Anderson Patent") (the "Optionors"), located within the core area of the Property. The Company may exercise its option under the Agreement by providing the Optionors with the following:

- a non-refundable deposit of \$20,000 upon execution of the Agreement (completed);
- issuing to the Optionors 300,000 common shares upon receipt of TSX-V approval of the Option (issued);
- paying to the Optionors \$30,000 (paid) and issuing a further 400,000 shares (issued) to the Optionors on or before the first anniversary of the date of the Agreement;
- paying to the Optionors \$30,000 (paid) and issuing a further 400,000 shares (issued) to the Optionors on or before the second anniversary of the date of the Agreement; and
- paying to the Optionors \$70,000 and issuing a further 500,000 shares to the Optionors on or before the third anniversary of the date of the Agreement.

The Property will be subject to a 2.5% NSR in favour of the Optionors, of which one percent (1.0%) can be purchased by the Company for \$1,000,000 at any time (the "NSR Purchase Right"). The Optionors will, at any time, have the right to sell the 1.5% NSR not covered by the NSR Purchase Right subject to the Company having a right of first refusal to purchase such interest.

Finally, during the year ended April 30, 2021, the Company entered into an option agreement (the "Nichols Option") to purchase a 100% interest in a freehold patent (the "Nichols Patent") located to the southeast of the Property by completing the following:

- paying the optionors of the Nichols Patent a non-refundable deposit of \$20,000 upon execution of the Nichols Option (paid);
- issuing to the optionors of the Nichols Patent 300,000 common shares of the Company upon receipt of approval from the TSX Venture Exchange (received and issued);
- paying the optionors of the Nichols Patent \$30,000 (paid) and issuing a further 400,000 common shares (issued) of the Company on or before the first anniversary of the Nichols Option agreement;
- paying the optionors of the Nichols Patent \$30,000 and issuing a further 500,000 common shares of the Company on or before the second anniversary of the Nichols Option agreement; and
- paying the optionors of the Nichols Patent \$70,000 and issuing a further 900,000 common shares of the Company on or before the third anniversary of the Nichols Option agreement;

If the Company establishes a National Instrument 43-101 compliant economic resource of 750,000 ounces of gold or greater on the Nichols Patent, the Company will issue 1 million common shares to the optionors of the Nichols Patent.

The Nichols Patent will be subject to a 2% NSR in favour of the optionors of the Nichols Patent of which 1% can be purchased by the Company for \$1,000,000 at any time (the "NSR Purchase Right"). The optionors of the Nichols Patent

will, at any time, have the right to sell the 1% NSR not covered by the NSR Purchase Right subject to the Company having a right of first refusal to purchase such interest. See Note 14.

b) DorWit Copper-Silver Project, Namibia

During the year ended April 30, 2020, the Company incorporated a wholly-owned Namibian subsidiary, Aloe Investments Two Hundred and Thirty Seven (Proprietary) Limited (“Aloe 237”) and executed a binding letter of intent (the “DorWit LOI”) whereby Aloe 237 would acquire a 100% interest in the DorWit Copper-Silver Property (the “Property”), located approximately 150 km from Windhoek, Namibia, from Altan Minerals and Investments CC (“Altan”), a private Namibian company. The DorWit Copper-Silver Property comprises three Exclusive Prospecting Licenses (“EPL”s), EPL7028, 7029 and 7030, encompassing approximately 78,865 hectares.

Pursuant to the DorWit LOI, Thunder Gold committed to the following:

- Pay Altan USD\$75,000 upon closing (paid);
- Issue 7 million common shares of the Company to Altan upon closing (issued); and
- Issue a sufficient number of shares of Aloe 237 to provide Altan a 5% equity interest in Aloe 237, leaving the Company with a 95% interest in Aloe 237 (issued at a value of \$19,960).

EPL7028, 7029 and 7030 have no associated royalties.

In addition, during the year ended April 30, 2020, the Company and RZJ Capital Management (“RZJ”) signed a binding letter of agreement (“LOA”) pursuant to which RZJ obtained the option to purchase 70% of the common shares of Aloe 237. This option was assigned to Noronex Limited (“Noronex”), an Australian public company. The terms of the LOA are as follows:

- RZJ paid the Company a non-refundable \$100,000 deposit and had a three-month exclusive due diligence period from signing of the LOA;
- Upon completion of due diligence and to acquire an initial 10% of the common shares of Aloe 237, Noronex will pay the Company a total of \$500,000, with one-half of the payment being made in cash (received) and the remaining one-half in common shares (5.5 million Noronex shares received);
- Upon completion of payments above, Noronex and the Company will establish a Joint Technical Committee (“JTC”) which will give equal vote with respect to exploration work and related expenditures on the Property (the Company will be the JTC Operator);
- To acquire a further 10% interest in Aloe 237, increasing its interest to 20%, and maintain its option, Noronex must spend a total of \$500,000 in approved mineral exploration expenditures (between the three licenses) by the first anniversary of the settlement date (completed);
- To acquire a further 10% interest in Aloe 237, increasing its interest to 30%, and maintain its option, Noronex must spend a total of \$1,000,000 in approved mineral exploration expenditures by the second anniversary of the settlement date (completed);
- To acquire a further 20% interest in Aloe 237, increasing its interest to 50%, and maintain its option, Noronex must spend a total of \$2,000,000 in approved mineral exploration expenditures by the third anniversary of the settlement date (completed). At this stage, Noronex will have the right to assume the role of operator;
- To acquire a further 20% interest in Aloe 237, increasing its interest to 70%, Noronex must spend a total of \$5,000,000 in approved mineral exploration expenditures by the fourth anniversary of the settlement date;
- Once a feasibility report has been completed, Noronex will be granted a 90-day Call Option to acquire the Company’s remaining 25% to 26.5% interest in Aloe 237 (the interest will depend on the actions of Altan - see below), the price to be based on an independent valuation using the feasibility report and the prevailing market capitalization at the time; and,
- If the Call Option is not exercised, the companies will enter into a Joint Venture Agreement with a 70%/25%/5% funding split or a 73.5%/26.5% funding split, depending on the actions of Altan (see below).

6. EXPLORATION AND EVALUATION ASSETS *(continued)*

The above-described payments made by Noronex have been accounted for herein as exploration and evaluation asset recoveries, and Noronex's exploration costs are similarly not incurred by, or recorded in the accounts of, Aloe 237. Only the relative ownership interests in Aloe 237 are impacted by these transactions, as indicated above.

During the year ended April 30, 2022, for practical and corporate management reasons, Thunder Gold allowed Noronex (through its subsidiary Larchmont Investments Pty Ltd ("Larchmont")) to acquire 70% of the shareholding in Aloe 237 in anticipation of Larchmont achieving but prior to Larchmont having actually achieved the threshold of the second 20% option interest. Larchmont was issued 266 common shares of Aloe 237 during the period ended January 31, 2022 so as to effect their 70% interest and equalization shares were issued to Altan so as to preserve their 5% equity interest in Aloe 237. As a result, the Company deconsolidated Aloe 237 from these financial statements and will account for its 25% interest as an equity investment. See Note 7.

Altan is carried for exploration expenditures until an independent pre-feasibility report is completed and approved by the TSX-V. At such time, Altan must decide whether to contribute to future expenditures and maintain its interest or convert its interest to a 5% Net Profits Interest ("NPI"). This NPI may be purchased by the remaining partners at any time for USD\$1,000,000.

c) Taranis (Okohongo) Copper-Silver Project, Namibia

During the year ended April 30, 2020, the Company incorporated a wholly-owned Namibian subsidiary, Aloe Investments Two Hundred and Thirty Eight (Proprietary) Limited ("Aloe 238") and executed a binding letter of intent (the "Okohongo LOI") to acquire a 100% interest in the Okohongo Copper-Silver Property (the "Property") located in the northwest part of Namibia from Taranis Resources and Investments CC ("Taranis"), a private Namibian company. The Okohongo Copper-Silver Property comprises one EPL, known as EPL7071, encompassing approximately 13,825 hectares.

Pursuant to the Okohongo LOI, Thunder Gold committed to the following:

- Pay Taranis USD\$12,500 upon closing (paid);
- Issue 4.5 million common shares of the Company to Taranis upon closing (issued); and
- Issue a sufficient number of shares of Aloe 238 to provide Taranis a 5% equity interest in Aloe 238, leaving the Company with a 95% interest in Aloe 238 (issued at a value of \$10,344).

EPL7071 has no associated royalties. During the year ended April 30, 2022, the Company received a two-year renewal for EPL7071, setting the new expiry date to June 12, 2023. EPL7071 was reduced from its original size of 19,805 hectares to approximately 13,825 ha as part of the requirements for EPL renewal.

During the year ended April 30, 2022, the Company optioned its interest in the Property to Himba Metals (Pty) ("Himba"), a privately held company incorporated pursuant to the laws of Namibia, by way of letter of intent among the Company, Himba and P&C Ventures Inc. See note 8.

d) Other Properties

The Company also retains certain other early-stage mineral property interests and significant transactions involving them are noted here:

Far Lake Copper-Silver Property, Ontario

During the year ended April 30, 2018, the Company acquired by staking a 100% interest in the Far Lake Copper-Silver Property located approximately 80 km northwest of Thunder Bay, Ontario.

6. EXPLORATION AND EVALUATION ASSETS *(continued)*

During the year ended April 30, 2021, the Company signed a letter of intent (“LOI”) with Benton Resources Inc., (“Benton”) for Benton to earn up to a 70% interest in the Far Lake Copper-Silver Project (the “Project”). Under the terms of the LOI, Benton would acquire from the Company in an initial option for a 60% interest in the Project (the “Initial Option”), followed initially by a second option to acquire an additional 10% interest in the Project but which was cancelled as part of the amendment more fully described below.

Initial Option: It is contemplated that Benton may exercise the Initial Option by completing the following:

- Paying \$25,000 and issuing 300,000 common shares to the Company within three days of receipt of TSX-V approval for the LOI (received);
- Completing \$200,000 of exploration expenditures on the Project on or before the first anniversary of execution of the LOI (completed);
- Paying \$30,000 and issuing 400,000 common shares to the Company on or before the first anniversary of execution of the LOI (received);
- Completing an additional \$200,000 of exploration expenditures on the Project on or before the second anniversary of execution of the LOI (completed);
- Paying \$50,000 and issuing 400,000 common shares to the Company on or before the second anniversary of execution of the LOI (amended as per below);
- Completing an additional \$300,000 of exploration expenditures on the Project on or before the third anniversary of execution of the LOI (completed);
- Paying \$100,000 and issuing 500,000 common shares to the Company on or before the third anniversary of execution of the LOI (amended as per below); and
- Completing an additional \$300,000 of exploration expenditures on the Project on or before the fourth anniversary of execution of the LOI (completed).

During the period ended January 31, 2023, the Company and Benton amended the Far Lake option agreement. Pursuant to the Amending Agreement, Benton may exercise the Initial Option, earning a 60% interest in Far Lake, by paying \$25,000 and issuing 200,000 shares to Thunder Gold (originally \$150,000 and 900,000 shares required) by July 15, 2022 (received). Benton previously completed the \$1.0 million of exploration expenditures required to exercise the Initial Option. The Second Option in the original agreement has been eliminated such that Benton is limited to earning a 60% interest in Far Lake.

Having exercised the Initial Option, Benton has agreed to spend the first \$150,000 in exploration expenditures within 24 months and thereafter Benton and the Company will form a joint venture with terms consistent with usual industry practice for further development of Far Lake, with Benton having an initial 60% interest and the Company having an initial 40% interest in the joint venture. The agreement governing the joint venture will contain provisions which provide for dilution for non-participation in programs including a provision for participant's interest to be converted to a 2.0% NSR if its interest is diluted to less than 10%, half of which can be purchased by the non-diluted party for \$1.0 million at any time.

Pickle Lake Gold Project royalty interests, Ontario

The Pickle Lake gold properties consist of four claims packages in the Pickle Lake area, Ontario:

- Dorothy-Dobie Lake Property
- Kasagiminnis Lake Property
- South Limb Property
- Pickle Lake West Property

During fiscal 2019, the Company disposed of its previous ownership interests in these properties to Ardiden Limited ("Ardiden"), an Australian public company, for consideration which included certain royalty interests.

6. EXPLORATION AND EVALUATION ASSETS *(continued)*

The Company maintains the right to purchase the existing 1% NSR held by Murchison Minerals Ltd. on certain claims within the Dorothy-Dobie and Kasagiminnis properties, pursuant to which 0.5% can be purchased for \$1,000,000 and the second 0.5% can be purchased for \$1,500,000. The Company holds a 1% NSR on certain other claims located within the Dorothy-Dobie claim group. The Company also retains a 2% NSR on the 100%-owned West Pickle and South Limb properties, of which 1% can be purchased by Ardiden for \$1,000,000. Ardiden will have a Right of First Refusal on the remaining 1% NSR.

Startrek Gold-Antimony Project, Newfoundland

During the year ended April 30, 2019, the Company executed an option agreement with Sokoman Minerals Corp. (“Sokoman”) to acquire a 100% interest in the Startrek Gold-Antimony Project (“Startrek Property”) located east of Benton in central Newfoundland. The property consists of 278 claim units (220 of which were staked by the Company) covering 69,270 hectares. Pursuant to the terms of the option agreement, as amended prior to the current Amending Agreement described below, the Company was required to issue up to 2,250,000 common shares to Sokoman in stages (1,000,000 shares issued).

Under the original option agreement, the Company’s remaining obligations to acquire a 100% interest in the property immediately prior to an Amending Agreement entered into during the current year were to issue to Sokoman 500,000 Company common shares on or before December 18, 2020 and 500,000 common shares on or before December 18, 2021. As amended, to exercise the option and acquire the property, the Company issued 750,000 common shares to Sokoman upon execution of the Amending Agreement, and the Company has the right to acquire one-half (0.5%) of the 1% NSR that Sokoman holds on the Startrek Property by paying Sokoman \$500,000. The Company also has the right to acquire the remaining 0.5% NSR from Sokoman by paying Sokoman \$175,000 and issuing that amount of shares equaling a value of \$250,000.

The property is also subject to a 2.0% NSR in favour of the original owner, of which the Company will have the right to exercise Sokoman’s right to purchase half (1.0%) for \$1,000,000 at any time by paying Sokoman a further \$175,000 and issuing Company common shares with a value of \$250,000.

In addition, during the year ended April 30, 2021, the Company signed a binding LOI with 1259542 B.C. Ltd, to enter into an Option Agreement (the “Agreement”) in respect of the property, with the parties subsequently entering into an assignment agreement whereby Leocor Gold Inc. (now the “Optionee”) would assume all obligations under the Agreement.

Under the terms of the Agreement, the Optionee can earn up to a 70% interest in the Property by:

- Paying \$25,000 (received) and issuing 133,333 common shares (received) of the Optionee to Thunder Gold within three days of receipt of TSX-V approval of the Option transaction (approved);
- Completing \$150,000 of exploration expenditures on the Property on or before the first anniversary of execution of the Agreement (completed);
- Paying \$50,000 (received) and issuing 300,000 (received) common shares to Thunder Gold on or before the first anniversary of execution of the Agreement;
- Completing an additional \$250,000 of exploration expenditures on the Property on or before the second anniversary of execution of the Agreement (completed);
- Paying \$75,000 (received) and issuing 433,333 common shares (received) to Thunder Gold on or before the second anniversary of execution of the Agreement; and
- Completing an additional \$500,000 of exploration expenditures on the Property on or before the third anniversary of execution of the Agreement.

6. EXPLORATION AND EVALUATION ASSETS *(continued)*

Seagull/Disraeli Cu-Ni-PGE Project, Ontario

The Seagull/Disraeli Cu-Ni-PGE Project was previously owned 40% by Canadian International Pharma Corp. (formerly Black Panther Mining Corp.), with the Company and Rainy Mountain Royalty Corp. ("Rainy Mountain") each owning 30%

interests. The Seagull/Disraeli Property (the "Property") consists of 665 single cell mining claims totalling 14,035 hectares in the Anders Lake and Leckie Lake areas.

During the year ended April 30, 2019, the Company signed an agreement to acquire a 100% interest in the Seagull/Disraeli property from its partners. Pursuant to the purchase agreements, the Company completed the acquisition by issuing:

- 200,000 common shares to Canadian International Pharma Corp., and
- 150,000 common shares to Rainy Mountain.

The Company also has the right to purchase, for cash, certain of the outstanding NSR interests on the property, as follows:

- 0.4% of the NSR controlled by Canadian International Pharma Corp. for \$600,000;
- 0.3% of the NSR controlled by Rainy Mountain for \$450,000; and
- 1.4% of the aggregate 2.4% NSR held by a prior owner of the property for \$2,000,000.

During the year ended April 30, 2020, the Company signed a letter of intent ("LOI") with Quadro Resources Ltd. ("Quadro"), granting Quadro the option to earn a 70% interest in the Seagull Lake Project by paying \$275,000 cash, issuing 6,500,000 common shares and completing \$1,550,000 in exploration work.

During the year ended April 30, 2021, Quadro terminated the LOI and returned the property to the Company.

Iris Lake/Vanguard Projects, Ontario

During the period ended January 31, 2023, the Company completed an option agreement (the "Goldshore Agreement") with Goldshore Resources Corp. ("Goldshore") on the Company's Iris Lake and Vanguard properties (the "Property") located in the Shebandowan Greenstone Belt in northwestern Ontario, Canada.

Goldshore can earn a 75% interest in the Property by making total cash payments of \$110,000 over a three (3) year term paid as follows:

- \$10,000 within five days of receipt of TSX Venture Exchange approval (the "Effective Date") (received);
- \$20,000 on or before the 12-month anniversary of the Effective Date;
- \$30,000 on or before the 24-month anniversary of the Effective Date; and
- \$50,000 on or before the 36-month anniversary of the Effective Date.

Issuing 1,500,000 common shares of Goldshore as follows:

- 300,000 shares within five days of the Effective Date; 300,000 shares on or before the 12-month anniversary of the Effective Date (received);
- 400,000 shares on or before the 24-month anniversary of the Effective Date; and
- 500,000 shares on or before the 36-month anniversary of the Effective Date.

Incurring exploration expenditures of not less than \$1,650,000 as follows:

- \$100,000 on or before the 6-month anniversary of the Effective Date;

7. INVESTMENT IN ALOE INVESTMENTS TWO HUNDRED AND THIRTY SEVEN (PROPRIETARY) LIMITED

The comparative figures in these condensed consolidated interim financial statements include the accounts of Aloe Investments Two Hundred and Thirty Seven (Proprietary) Limited ("Aloe 237") as the Company previously controlled 95% of the common shares Aloe 237. Aloe 237 holds exclusive prospecting licenses 7028, 7029, and 7030 in Namibia. During the period ended January 31, 2023, the Company's shareholding was diluted to 25% of the common shares of Aloe 237 and as such, the accounts of Aloe 237 were deconsolidated during the current period and the Company's investment is now accounted for as an equity investment and carried at a nominal amount. A gain on disposition of Aloe 237 totalling \$18,024 was recorded in income in the current period and the balance in non-controlling interests has been adjusted for this deconsolidation.

8. DISPOSITION OF ALOE INVESTMENTS TWO HUNDRED AND THIRTY EIGHT (PROPRIETARY) LIMITED

During the period ended January 31, 2023, the Company entered into an option amending agreement with Himba in respect to the Company's 95% interest in the Property (the "Amending Agreement").

The Amending Agreement amends the option to purchase agreement dated July 15, 2022 (the "Original Option Agreement") pursuant to which Himba or its assigns, has the option to acquire the Company's 95% interest in Aloe 238 (the "Option"). In accordance with the terms of the Original Option Agreement as amended by the Amending Agreement, to exercise the Option, Himba or its assigns is required to:

- Pay to the Company US\$50,000 (\$61,915 CAD recorded in income in the previous year) as a non-refundable deposit (the payment of which was previously made under the Original Option Agreement);
- Pay to the Company US\$50,000 (\$64,100 CAD) upon completion of a 45-day due diligence period in favour of Himba (the payment of which was made under the Original Option Agreement);
- Pay to the Company US\$400,000 (\$515,250 CAD) on or before May 31, 2022 (the payment of which was made under the Original Option Agreement);
- Pay to the Company US\$500,000 (\$675,000 CAD) on October 28, 2022 (the payment of which was made on October 28, 2022, under the Amending Agreement); and
- Grant to the Company a 1.00% net smelter royalty (the "NSR") over Himba's or its assign's share of Aloe 238's commercial production from the property covered by the License;

In accordance with the terms of the Original Option Agreement and the Amending Agreement; Himba shall assist Iron Bull Mining Inc. ("Iron Bull"), which owns 100% of Himba, in becoming a publicly traded company on a recognized stock exchange in Canada ("Recognized Exchange"). Having made the payment of the US\$500,000 referred to above, Himba acquired the right to have the shares of Aloe 238 owned by the Company (the "Aloe Shares") transferred to it in consideration of the issuance to the Company by Iron Bull of a convertible promissory note (the "Note") which will be issued to the Company in conjunction with the completion of the transfer of the Aloe Shares by the Company to Himba, a process which was completed during the period ended January 31, 2023. The Note will contain the following terms and conditions:

- The Note shall be in the aggregate sum of US\$1,000,000 (the "Note Amount"), shall be non-interest bearing and shall mature on March 31, 2023 (carried at the January 31, 2023 CAD equivalent amount of \$1,335,000);
- The Note Amount shall, based on an exchange rate at the time of conversion, be convertible into units of Iron Bull ("Units") at a price of C\$0.40 per Unit, each Unit consisting of one common share and one common share purchase warrant exercisable at C\$1.20 for three years from the date of issuance;

(continued)

- The Note Amount shall, at the option of Iron Bull, be converted into Units at any time after Iron Bull has had its common voting shares listed on a Recognized Stock Exchange; and
- The Note shall impose the requirement on Iron Bull, should either party exercise its right of conversion under the Note, to issue additional common voting shares of Iron Bull (the "Top-Up Issuance") to the Company, after Iron Bull's common voting shares have been listed on a Recognized Stock Exchange, if the Iron Bull shares' volume-weighted average price for the preceding 14-day period ended on the day that is two (2) years after the day Iron Bull common voting shares are issued to the Company is less than CAD \$0.40 per Iron Bull common voting share (the "Dilution Price"), on the following basis: $[(C\$0.40 / \text{Dilution Price}) \times \text{the number of Iron Bull common voting shares held by the Company at the time of the Top-Up Issuance}]$ less the number of Iron Bull common voting shares held by the Company at the time of the Top-Up Issuance.

The Original Option Agreement as amended by the Amending Agreement also contains the following terms and conditions:

- In the event that Himba has failed to cause the shares of Iron Bull to be listed on a Recognized Stock Exchange by October 28, 2023, either directly or through a reverse takeover Himba will, at the option of the Company, cause the Aloe Shares transferred to it to be transferred back to the Company;
- The Company will be granted a 1.0% Net Smelter Return royalty ("NSR") over Himba's or its assigns' interest in the property covered by the License with the right of Himba or its assigns to purchase 0.25% of the NSR for US\$1.0 million;
- The Company will be paid US\$1.0 million and be issued such number of common shares of Iron Bull having an aggregate value of US\$1,000,000 if a NI 43-101 compliant mineral resource estimate is outlined on the property covered by the License that exceeds 50 million tonnes of copper at greater than or equal to 1.0% Cu equivalent; and
- Himba or its assigns will repay to the Company taxes paid by the Company to the Namibian government as a result of the transfer of the shares of Aloe 238 to Himba upon Himba reaching commercial production or within a maximum of six months from the start of commercial production.

The Company has recorded in income the disposition of its 95% interest in the common shares of Aloe 238 during the period ended January 31, 2023. Pursuant to this disposition, \$746,829 of the funds received from Himba settled the outstanding intercompany loan receivable balance that the Company was owed from Aloe 238. The remaining proceeds including the Note net of the nominal carrying value of the Company's shares in Aloe 238 resulted in a gain on disposition in the amount of \$1,887,405 in the current period. The Company has also estimated foreign income taxes payable to the Namibian Revenue Agency in the amount of \$598,084 as a result of this disposition (based upon an anticipated tax rate of 32%).
